WESTEROS CYCLE TRAIL

(Approx. 4kms along gentle flat shoreline & forest trails - allow 2 hours including photo stops)

The Westeros self-guided cycle trail leaves Winterfell Castle and follows the demesne shoreline around to **Robb's Camp** where **Jamie Lannister** was held captive in cage (aka Audleys Castle). The castle perched atop a hill enjoys fantastic sweeping views over Strangford lough - these waters are where **Brienne brought Jamie Lannister ashore in a canoe** & fittingly also where St. Patrick came ashore in a boat back in the 5th Century (the Vikings gave the lough the Norse name 'Strangfyorthe', meaning place of strong tidal currents or strong fjord).

Other key Game of Thrones filming locations included in the Westeros trail are:

- **Tree Branch** where Brienne discovers 3 hanging bodies and confronts the Starkmen
- **Stable** where Tyrion slaps Joffrey
- **Forest path** where Tyrion 'Whistles & Walks'(One of his Funniest Moments)
- **Courtyard** where Theon beheads Ser Rodrik
- **Pathway** of **King Roberts Arrival** Procession
- **Castle Window** that **Bran Stark 'Falls' from**
- **Field** of Baelor Battle

- **Castle** from Walder Freys 'The Twins' & **Red Wedding**
- **Shoreline path** where Robb Stark & Talissa learn the Kingslayer has escaped
- **Tree** that Robb Stark & Talissa get secretly married under
- **'Armory & Forge'** where Arya Starks sword 'The Needle' was made
- **Cottage** of Winterfell brothel
